### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

There are two claims 10 and no claim No. 9. Therefore, the first claim No. 10 has  
*been renumbered*:  
been replaced by No. 9

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Claims 1-17 are allowable over the prior art because none of the prior art documents discloses or suggests the reaction product of one mole of alkylphenol-formaldehyde-diamine polymer with about 5 to about 3,500 molar equivalent of one or more alkylene oxides.

Note that the closest prior art, Zaki et al, discloses the reaction product of one mole of alkylphenol-formaldehyde-diamine polymer with only one mole of ethylene oxide, to form different product.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Duc Truong whose telephone number is 571-272-1081. The examiner can normally be reached on Monday-Friday.
